Political Action Committee Meeting 2/25/23

Do you want a role in picking the candidates who decide how much you earn and what sort of working conditions you are offered?

Join the Political Action Committee! Any question

At our February 25th meeting, we will be drafting the endorsement questions for County Legislator candidates. The County Leg candidates are the same people who, if elected, will vote on our next contract.

And here are the top three reasons why YOU should join the Political Action Committee:

- We endorse candidates for the positions (County Legislature, County Executive, Family Court) that affect what you do while you're at work and what YOU can afford to do when you're not at work. This is about YOU, so YOU should be part of the decision-making.

- We want to make our voices heard when it comes to the programs we administer and the services we provide. We are experts in our field and, collectively, have years of experience with Social Services work: when it comes to policies and regulations that affect our work, our voices should be heard by the decision-makers. Please join us and bring your expertise to the table.

- Our union's political action activities are also part of a larger picture: the fight for organized labor and the fight for better working conditions for ordinary people all over the United States. We fight like middle-class jobs and middle-class livelihoods are at stake -- because they are. Please join us in the fight.
